MEMORANDUM FOR:

[redacted]
Assistant to the Director

25X1

SUBJECT : Correspondence from [redacted]

25X1

1. Attached is correspondence which I called you about this date. Apparently the Agency Mail Room opened it, noted "photo interpretation", and sent it to PIC.

2. We are very much involved in the substance of paragraphs 1 and 2 of the letter and have two contracts variously bearing upon the study described. I think it would be worthwhile for us to look into this matter for such ideas as might present themselves though we would not contemplate any positive action at this time.

3. If you wish to refer the matter to me, I shall see that a contact is made locally at the company's Washington office or at [redacted] Please advise.
